

## RAILROAD HEADS REACH NO DECISION

### Sentiment Seems to Oppose Agreeing to Proposal in Its Present Form

## TO MEET THIS MORNING

### President Appeals to Road Executives on Grounds of Patriotism to Accept Plan

## LEE ISSUES STATEMENT

Washington, Aug. 21.—As one American citizen to another, President Wilson today appealed to each of the executives of the country's principal railroads on grounds of patriotism to accept his plan for averting the threatened disaster of a nation wide strike. He emphasized the necessity for keeping the railroads in service as a part of the national defense and to make possible preparation for meeting conditions that will exist after the European war.

**Committee to Draft Reply**

On leaving the white house the railroad presidents, augmented during the day by arrivals from the west, held a conference at which sentiment was said to be against agreeing to the president's proposal in its present form. Hope was expressed however, that some satisfactory counter proposition might be advanced, and it was decided to turn over to a committee the task of drafting of a final reply to the president. With more than sixty men most of them with their own ideas about what ought to be done, the executives found it difficult to get down to brass tacks, as one of them expressed it.

Tomorrow morning another meeting will be held and every effort will be made to reach a decision promptly.

The railroad heads still insist that President Wilson is asking them to sacrifice the principle of arbitration. Elisha Lee, chairman of the National conference committee of railroads issued a statement tonight in which he said:

"That the railroads should grant, under threat of a national strike a \$50,000,000 wage peremptory to a small minority of their employees, without a hearing before a public tribunal, is inconceivable in a Democracy like ours. All questions at issues—wages, hours, costs, operating conditions—are submerged by the greater issue, shall arbitration be abandoned in the settlement of industrial disputes?"

The statement suggests however, that the railroads stand ready to take whatever action the people and the country desire. It concludes:

"The weight of public opinion must determine this issue. We cannot believe that it is the calm judgment of the country that we should sacrifice the principle of arbitration in industrial disputes under a threat to tie up the commerce of the country."

**Employees Mark Time**

While the officials were listening to President Wilson and later conferring at their hotel, the general committee of 640 representatives of the employees who have already accepted the president's plan held a perfunctory meeting and marked time awaiting the decision of the employers. He said they would wait until President Wilson dismissed them, but stood ready to call a strike should the negotiations fail.

Altho a few of the railroad executives invited had not arrived this afternoon, it was decided that those already in Washington were representative and therefore the president called them to the white house and earnestly urged that his plan of settlement be ratified.

"I will not allow passion to come into my thoughts in this solemn matter," he said. "We are both acting as trustees of great interests. I am willing to allow this matter to go to the great American jury and let them assume the responsibility. The responsibility of failure will not rest with me."

"I wish you to consider the consequences of a failure to agree. The country cannot live if the means of keeping alive its vitality are interfered with. The lives and fortunes of 100,000,000 men, women and little ones—many of whom may die—depend on what may be done in this room."

**Must Discuss Practical Methods**

The president referred to the disastrous effect which a strike would have "especially at this time when every ounce of American energy and

## LUMBERMEN PLAN FOR EUROPEAN BUSINESS

### AGENTS WILL LEAVE FOR EUROPE PROBABLY IN NOVEMBER

Hold Conference in Chicago and Plan To Garner Big Share of Business To Be Necessitated in Rebuilding Devastated Towns After the War.

Chicago, Aug. 21.—Representatives of American lumber interests aided by United States government experts laid plans at a conference here today to garner a big share of the business to be necessitated in Europe in rebuilding devastated towns after the war.

The conference, called by Dr. E. E. Pratt, Chief of the Bureau of foreign and domestic commerce, was attended by two members of the federal trade commission, Commissioners W. H. Parry and Joseph E. Davis, by the head of the forest service, H. S. Graves, and Dr. Wilson Compton, economists for the trade commission.

The National Lumber Manufacturers' association, the Southern Pine, California Redwood, West Coast, Northern Pine, Northern Hemlock and Hardwood and the Gum Lumber associations had representatives present.

Agents from lumbermen will leave for Europe probably in November with government experts to study trade conditions there. Investigation up to this time has shown that the forests of Belgium, Northern France, England, Spain and probably parts of Germany either have been devastated by war or their timber supplies exhausted by abnormal consumption for war operations. Russia alone of the belligerents still has great supplies of standing timber, but this is in a large measure unavailable for immediate use experts attending the conference said.

Hundreds of towns, thousands of miles of railway lines and countless farm buildings must be reconstructed after the war. To obtain the trade in lumber necessitated by this rebuilding, it was declared at the conference, to be only necessary for American lumbermen to go after the trade systematically.

**SITUATION SEEMS CLEARER.**

Copenhagen, via London, Aug. 21.—After a lengthy meeting today attended by delegates from all parties and by members of the government, the situation with regard to the sale of the Danish West Indies to the United States seems clearer and the belief prevails that a coalition cabinet can be formed and the terms of the sale of the islands settled.

If formed the new cabinet would investigate immediately the question of the sale and meanwhile a plebiscite would be held to obtain the ideas of the people on the subject.

**EXPECT PERSHING IN COLUMBUS**

Columbus, N. M., Aug. 21.—General Pershing is expected in Columbus sometime this week, according to reports reaching here tonight from Mexico. The general is now making a tour of inspection of the expeditionary forces and his visit to Columbus is for the purpose of visiting the local base camp.

**DRIVERS FAIL TO AGREE.**

St. Louis, Aug. 21.—Milk drivers and dealers failed to come to an agreement at a conference this afternoon to consider plans by the strike of the drivers could be settled.

Initiative has to be mobilized to meet the extraordinary situation which will emerge out of the European war. Reiterating that it was impossible for him to bring about arbitration under present conditions, the president declared it was necessary to discuss practical methods of avoiding a strike. The war, he said, had taught this country that it can no longer be isolated and provincial; that by reasons of its position in the affairs of the world, "we must be ready to play our role as one of the dominant influences in the world's affairs." And that in order to meet the exigencies of new world conditions the varied business and economic interests of the nation must be brought together into an harmonious whole.

The railroad executives did not enter into an argument with the president but Hale Holden, president of the Burlington and spokesman for the roads, promised deep consideration of the plan and said the officials would reach an agreement as soon as possible.

**Messages Continue to Arrive**

Messages on the situation continued to arrive at the white house all day. Many upheld the president's position and many others urged him to support the railroads in their demand for arbitration. Petitions signed by forty thousand non-union employees of the Pennsylvania railroad opposing a strike were taken to the white house making a total of 80,000 signatures attached to such petitions.

A. B. Garretson, spokesman for the Brotherhoods declined tonight to make any comment on the railroad managers statement. Any reply to it, he said would be in the form of an official statement tomorrow.

## REPORT ROUMANIA WILL JOIN ENTENTE

### Entry Would Forge Another Link in Chain of Foes Surrounding Teutons

## OFFENSIVE DEVELOPING

### British and French Pushing Northeastward Toward the Bulgarian Frontier

## SERBIANS SUFFER REVERSE

The opening of the allied offensive at Saloniki has been the signal for renewed reports that Roumania is at last about to throw in her lot with the entente. These reports are more circumstantial than before and German press comments indicate that they are far from being devoid of foundation. One Berlin newspaper declares that Roumania already has joined the allies and that plans are being laid for the march of a Russian army thru Roumanian territory.

**Aid Would Be Important**

Major Morant, the German military critic, also believes that Roumania is negotiating with Russia and hints at an ultimatum to Bucharest from Germany and Austria. The entry of Roumania into the war on the side of the entente would mean the forging of another link in the chain of foes surrounding the central powers. The aid which Roumania could give would be of an important character. She has had more than 500,000 and 600,000 troops mobilized for nearly a year and her army is reputed to be one of the best equipped and trained in Europe.

It has been generally understood that Russia has been willing to concede the province of Bessarabia, the population of which is largely Roumanian in turn for Roumanian cooperation in the war. Bessarabia is 18,000 square miles in extent and has a population of nearly 2,000,000.

**Fight No Decisive Action**

The great offensive opened by the allies Sunday on the Saloniki front is developing, but no decisive action has been fought. The British and French advancing on the right have crossed the Struma, pushing northeastward toward the Bulgarian frontier. At the same time the Serbians who have opened a drive for Monastir report the capture of Bulgarian first line trenches.

On the extreme left, however, immediately south of Monastir they suffered a reverse and have evacuated the Greek town of Banika.

In the center at the mouth of the great valley of the Varda the main highway thru Serbia, violent artillery action is in progress. It was down this valley that the Teuton-Bulgarian forces made their victorious advance and according to military experts its possession is vital to whoever holds Serbia.

Reports from Saloniki say that Italian troops have landed there and will join in the general offensive. This, if corroborated means that Italy has finally decided formally to declare war on Germany, as the Germans are admittedly directing the Bulgarian campaign. At certain points on the front Berlin reports the Bulgarians on the offensive but London and Paris interpret this as a move for political purposes and not as a serious attack against Saloniki.

**Fierce Fighting in East**

A desire to affect public opinion in Roumania and to influence the approaching Greek elections is the motive behind Bulgaria's action in the opinion of the allied capitals. Fierce fighting continues in the region of Stokhod on the eastern front where the Russian advances menace Kovel and the German salient at Pinsk. The battle on the crest of the Carpathians also rages, both sides claiming minor successes.

German counterattacks made at several points along the British lines, according to London, met with no success.

The Germans also have made a powerful effort to recapture Fleury in the Verdun sector, but Paris reports a complete repulse.

The repeated unofficial reports that Portugal was about to take an active share on the European battlefield apparently are confirmed by an announcement from Paris that a British-French military commission has been sent to Lisbon. Dispatches from Portugal have described military preparations of a very extensive character, but there has been nothing to indicate the number of men under arms.

## TELEGRAPHIC BRIEFS

MILWAUKEE, Wis.—William H. Timlin, 64, justice of the Wisconsin supreme court, is dead at his home here. He had been ailing from a cancerous growth on the face.

DUBUQUE, Ia.—E. W. Manson, struck on the head by a pitched ball in a game at Independence, Ia., Saturday, is dead. The young man finished the game after the injury.

CHICAGO—Police reported that they had found a weird death watch about the corpse of George Bolenta, 35, a laborer, when they went to his home to remove his body to the morgue. Five cats, four dogs and twenty chickens were in the room.

DANVILLE, Ill.—Mrs. Mae Fauer, of Danville, died in a local hospital as a result of injuries received when the automobile in which she and seven others were riding went over an embankment near Covington, Ind.

DECATUR, Ill.—Leonard K. Scroggin, ninety-eight years old, is dead at his home near Mt. Pulaski. He was owner of several hundred acres of valuable Logan county land, which he purchased from the government between 1830 and 1860.

WASHINGTON—Chinese and Japanese troops which came into conflict at Cheng Chiating last week with a severe loss on both sides, have been withdrawn a considerable distance from each other while diplomatic negotiations between the two powers seek to settle the difficulties.

NEW YORK—Because of the scarcity and high cost of paper, one of the leading hotels here announced that it would reduce the size of its menu cards beginning Sept. 1. Those wishing to write letters in the writing room will be required to apply to the desk for paper and envelopes.

**SENATOR THOMAS ATTACKS CONGRESSIONAL SUFFRAGE UNION**

WASHINGTON, Aug. 21.—Suffrage—The congressional union for woman suffrage was charged with being interested chiefly in restoring the Republican party to power by Senator Thomas of Colorado, chairman of the woman suffrage committee, in a speech today on the floor of the senate.

The Colorado senator who favors a federal suffrage amendment declared that the union was engaged in raising funds for the Hughes campaign, and had been instrumental in inducing the nominee to declare in favor of the amendment in opposition to the Republican platform. Mr. Hughes, he added had seized upon this as an issue because the Republican party had given him no issue for his campaign. Senator Borah of Idaho, Republican, who is opposed to the federal amendment, declared that Mr. Hughes' action would not strengthen the Republican party "one particle."

**ADMITS FORWARDING COMPANY LEASED PIER AT NEW LONDON**

NORFOLK, Va., Aug. 21.—Captain Cullison of the tug Hansa, formerly the Thomas F. Timmins, said today it was true that the Eastern Forwarding company, to which the cargo of the German submarine merchantman Deutschland was assigned, has leased a pier at New London, Conn. Previous reports that such a step had been taken in anticipation of the arrival there of the Bremen, sister ship of the Deutschland, have been denied.

It was reported in German circles here today that the Hansa which conveyed the Deutschland in American waters would go to New London before the end of the month and that much of the movable property of the Eastern Forwarding company would be taken there from Baltimore. According to this story the Bremen left a German port August 14.

**WILL MAKE NO ISSUE WITH WILSON**

Washington, Aug. 21.—Chairman Hay of the House Military committee will interpose no obstacle to the elimination of the exemption of retired officers from the articles of war embodied in the army appropriation bill vetoed by President Wilson. Mr. Hay announced today that he proposed to make no issue with the President. He will call up the bill tomorrow with the articles of war eliminated, and if the articles are added by the senate with his amendment cut off he will not object.

## HUGHES HAS NOT HAULED DOWN FLAG

### Republican Nominee Gives Two Addresses at Los Angeles

## NEW SENTIMENT ABROAD

### Asserts There is A Sentiment Which Demands Protection of Interests of Communities

## SPEAKS TO OVERFLOW CROWD

LOS ANGELES, Cal., Aug. 21.—Charles E. Hughes told an audience in the Shriners' Auditorium here tonight that he had not "hailed down the flag" he put up in New York.

"I am glad these periods when the public interest in this country was ignored, when it was derided and not safe-guarded by law," he said.

"I am glad these periods are passed. I believe there is a new sentiment abroad in this land which recognizes the interests of communities and that there is a sentiment which demands protection of the interests of communities against all spoliation. I am against every abuse of community interests for the sake of private advantage. I did something in New York along that line and I haven't changed my mind a bit in regard to it. I also believe that regulation and supervision by government is a mockery unless it is just and square with the facts. I put that flag up in New York also and I never hauled it down, and I never propose to."

"What men are afraid of in this country, on one side and the other of a great controversy is that they will in some way be taken into camp, and each side is inclined to push up its side just a little above what is fair and right. I would have it understood that we have passed the day when we had to restrict what was legitimate in order to crush out what was illegitimate and unfair and illegal. We can protect ourselves against every kind of monopolistic practices without meddling. We must cut where there is abuse that we may prepare the way for healthy action."

"This is not an ordinary campaign. We are to determine in a crucial period whether we shall halt or advance, whether we shall have ennobling, encouraging policies, or whether we shall enter, half hearted and uncertain into the experience which we are sure to meet when the great European war is over. There will emerge from that war a new America, which must be met by a new America. We cannot meet the exigencies which are before us unless we have a patriotic conscientiousness both in our power and of our industry."

"Let us lay the foundations broad and deep. This is not a question of a few years. We must plan for a long period ahead."

"Our influences of national greatness must be looked at for the betterment of human life, for without that under free government with discontent and the failure to maintain the proper standards for human living there is no possibility of permanent national greatness. We shall succeed as a great fellowship or we will not succeed at all."

"We do not exist to make statistics of production simply to have the extent of our territory or the vastness of our population displayed before the world. I would protect human life, human safety, human comfort and I regard human rights as paramount to everything else because this is a country of human beings dedicated to the ideal of human betterment and human prosperity."

Mr. Hughes spoke before his second audience at the Shriners' Auditorium. The first was an overflow crowd that stretched from curb to curb of the wide street outside for nearly a block.

Inside the auditorium the nominee faced an audience of which one half was women. Half of three hundred members of the reception committee, seated on the platform, it was officially announced were Progressives, the others Republican. In closing his address the nominee said he claimed the support of "all Republicans and all Progressivism" in his campaign.

Mr. Hughes left here tonight for Sacramento where he will speak tomorrow.

**ELECTION OF CHAUTAUQUA DIRECTORS**

Friday afternoon immediately after the close of the program there will be an election of three chautauqua directors to fill the places of those whose term of office will expire regularly. All persons subscribing for five or more tickets for the chautauqua of 1917 will be entitled to a vote.

## SENATE TAKES UP IMMIGRATION BILL

### OPEN WAY FOR EFFORTS TO DISPLACE THE REVENUE MEASURE

Action May Indefinitely Prolong Session—Debate on Motion to Displace Revenue Bill Will Be Resumed Today.

Washington, Aug. 21.—An unexpected Democratic revolt in the senate today resulted in the immigration bill being taken up in defiance to the Democratic caucus and opened the way for efforts to displace the revenue bill as unfinished business an action which might indefinitely prolong the session of congress.

Ten Democratic senators voted with the solid Republican minority to take up the immigration bill upon a motion by Senator Smith of South Carolina, chairman of the immigration committee.

Debate began on the measure immediately and proceeded until two o'clock when the revenue bill automatically came before the senate.

Senator Smith then moved to displace the revenue bill, providing an all afternoon discussion which will be resumed when the senate meets tomorrow.

Administration leaders said tonight that they had enough votes to defeat the Smith motion. Should it prevail, the resulting fight over the literacy test provision would upset all adjournment calculations.

Senator Stone, chairman of the foreign relations committee, was particularly aroused over the action of the revolvers. He charged them with treachery to the party in overturning the decision of the Democratic caucus to postpone action on the immigration bill until December.

Senator Stone's words aroused the ire of Senators Hardwick and Smith of South Carolina.

"I promised my constituents that I would do all in my power to secure the passage of the immigration bill," said Senator Hardwick, "and I propose to stand by that promise. My constituency is greater than the Democratic caucus."

Senator Smith insisted that the immigration bill never had been a partisan issue.

"In view of some of the revelations that have come in this country since the beginning of the European war," he said, "I should think even the opponents of the immigration bill would be converted. We should shut our doors until we can Americanize the crowd we now have, so that men on this floor might fight for the American flag without fearing half-baked foreigners whose allegiance, in their hearts, is to another country."

Today's development shut off debate on the revenue bill but the administration leaders hope to get it under way tomorrow.

**TWENTY-SEVEN SHIPS OF THE ATLANTIC FLEET PUT TO SEA**

NEWPORT, R. I., Aug. 21.—Twenty seven ships of the Atlantic fleet, many carrying civilian sailors, steamed out of Narragansett Bay today to engage in a war game that is expected to bring into operation the greatest number of battleships ever assembled off this coast for strategic purposes. Rear Admiral Austin M. Knight will act as umpire.

The ships which sailed today will join fifteen ships and other naval units to form the attacking force, under Admiral Henry T. Mayo.

The Atlantic reserve fleet with submarines and three divisions of destroyers, also carrying civilian sailors, will try to keep the "enemy" from effecting a landing somewhere between East Port and Cape Hatteras. The defenders will be commanded by Rear Admiral James M. Helm.

According to plans the maneuvers will end August 28th, unless a decisive result is reached before then.

**AVERT RENEWAL OF STRIKE**

New York, Aug. 21.—A threatened renewal of New York's street car strike was averted today when the New York Railways company and its employees reached an agreement thru the efforts of Mayor Mitchell. Fourteen workers dismissed after conviction of disorderly conduct in the recent strike will be reinstated and other differences will be settled by arbitration.

**HOLD UP BROKER'S PATRONS.**

Chicago Aug. 21.—Six men patrons of a broker's office were lined up against a wall in a room high up in the Baltimore building, a downtown skyscraper today by two robbers who obtained about \$1,000 from them.

**SEARCH FOR HUSBAND OF MURDERED WOMAN**

Chicago, Aug. 21.—The police tonight sent out a nation-wide notice to authorities to search for John Labello, husband of Mrs. John Labello, who was found slain with an axe, in her flat here today, with her two small children, near death from starvation, clambering over her body.

## TO RETAIN GUARD ON MEXICAN BORDER

### Baker Writes Troops Are "Winning Bloodless Victories Daily"

## ANSWERS MANY LETTERS

### Asserts Troops Will Be Returned as Soon as A Restored State of Order Justifies It

## IMPOSSIBLE TO SAY HOW SOON

WASHINGTON, Aug. 21.—The National Guard will be retained on the Mexican border until it can be withdrawn without again endangering American lives and property, Secretary Baker declared the administration's policy today in answering a score of letters from many parts of the country complaining that the state troops were being held in service after the emergency for which they were called out apparently had passed.

In general the complainants alleged that border service was entailing loss financially on militiamen and hardship on their families. By its presence on the border, the secretary wrote to one, the guard is "winning bloodless victories daily."

The department appreciates, Mr. Baker said in another letter, the fact that a call for military service upon militia organizations must "inevitably present cases of hardship." He added:

"The emergency, however, which required this call for the militia was one of a grave character, affecting the safety and lives of citizens of the United States. The presence of the militia on the Mexican border has restored order and given a high degree of safety to the lives of our people in that troubled country than they have for a long time had. The militia is therefore performing a valuable service and the fact that this service is being performed without active military operations entailing loss of life is a cause of congratulation and happiness."

Referring to the elaborate and extensive training the militiamen are receiving under supervision of regular army officers the secretary expressed the opinion that it would fit them to act in time of war or any emergency as a supporting arm, or second line for the regular army, furnishing an asset to national preparation that could not have been obtained otherwise.

"Clearly, so soon as a restored state of order on the border justifies it, these troops will be returned to their homes," he wrote. "In the meantime it is not possible for the department to say how soon such a situation will arise, altho the Mexican situation is one of increasing hopefulness."

To another correspondent the secretary explained the national guard was maintained for such exigencies as that which now exists on the border and that it had cost the government many millions to prepare and keep it ready for such emergencies. He pointed out that National Guardsmen were fully aware of the duties they undertook when they enlisted.

**INCOME SHOWS INCREASE.**

St. Paul, Aug. 21.—The report of the Chicago, Minneapolis, St. Paul & Omaha Railway company for the fiscal year ending June 30, 1916, made public today shows the net operating income of the road for that period as \$8,563,725. The total operating income was \$19,522,563 or \$821,448 more than that of the preceding year.

**RELEASE MEN ON BOND.**

Ottawa, Ill., Aug. 21.—Hamel, assistant superintendent of the German-American Cement company of LaSalle and his body guard, George L. Foster of Chicago, held by a coroner's jury for killing Stanley Wislan in a strike riot, were admitted to twenty thousand dollars bail each by Judge J. A. Davis in the circuit court on writs of habeas corpus today.

### The Price Is Still Low.

It is not surprising that the chautauqua managers have announced that the price of tickets for next year will be \$1.50. Even at this figure the Jacksonville chautauqua price is lower than that charged elsewhere. The change which was made last year for a \$1 chautauqua was wise and proper and has had the intended effect of popularizing the chautauqua and making it a stable institution. The increase in price is wise because the \$1 price does not provide for any emergency of weather or otherwise and an exceedingly rainy chautauqua season would mean a severe loss.

This year the chautauqua management necessarily turned down more than 100 applicants for tents because there was no space available. The directors have plans in mind for cooperation with the park board whereby they hope to have some permanent chautauqua improvements and believe that next year they will have much more space available for the tent city.

The chautauqua has gained in strength and popularity since its beginning and persons who for a time doubted the ability of local men to successfully run a chautauqua without an experienced director from outside have changed their minds and by investigation have found that Jacksonville now has one of the best managed chautauquas in the state, and, in fact, in several states.

### County Agent Work Valuable

One Indiana county agent was called to advise a farmer on sowing eight acres of thin land to wheat. Since the land was very poor and undrained and the season late the agent advised the sowing of crimson clover (an entirely new crop in that section) instead of wheat. The farmer compromised, sowing forty acres in clover and forty acres in wheat. The wheat badly water killed and was plowed up this spring and planted to corn. Due to wet weather the corn was not planted until after June 15th, which does not insure a maximum crop. On the other hand, the farmer has already harvested \$1000 worth of clover seed from the forty acres sown to this crop. While this individual farmer benefited in a large way from the advice of the agent, the whole community will be benefited and the increased wealth to the county will be many times greater than the agent's salary.

Another agent organized the farmers of one township to eradicate hog cholera, a disease which has caused Indiana farmers a loss of many millions of dollars. In 1914, before the organization was formed, the farms of the township had 3,000 hogs. 526 were vaccinated and 357 died, meaning a direct loss of approximately \$3,570. In 1915, after an organization of all the farmers had been effected and a study made of hog pro-

### SUMMER FIGHTING.

The Germans and French, in the field and the trench, still brandish their red snickersneezes; they slash at their foes, though the mercury shows it's up above ninety degrees. If I had to scrap all over the map, I'd surely be frightfully bored; I'd hate to be sliced with a sword, I've nothing to do but to simmer and stew, and punish the pink lemonade, and yet I complain of the torture and strain, while loafing around in the shade. I sit in the swing and I mutter, "By jing, this heat is a punishment dire; and I'll wager my purse that I wouldn't feel worse if I sat with my feet in a fire." But what would I say if there ambled my way a warrior bold, with a gun? And what would I think if he cussed me with zinc and old rusty nails by the ton? All melting my grease, but I'm melting in peace, and ought to be cheerful and gay; I'd hate to be shot when the weather is hot, I'd hate to be scrapping all day.

### DATES IN ILLINOIS HISTORY.

August 22, 1778—Colonel George Rogers Clark concluded a treaty of friendship with the Winnebago Indians of the Rock River Valley.

duction and prevention of cholera, the farms of the township produced 4075 hogs, of which number 486 were vaccinated and 150 died—a direct loss from cholera of approximately \$1500. In this township alone, with practically the same number of brood sows, the number of pigs produced was increased by more than 1000, while the loss from cholera was reduced to the extent of \$2070. Surely the work of the agent would be counted a large financial gain to the farmers and to the country.

"We are convinced," says one who has studied the subject, "that there is enough information in our Departments of Agriculture and Experiment stations if taken out and applied on the farms to double the production of this country, to make the land bloom like a rose, to give us the foodstuffs that will feed our increased millions of people in an adequate way. The county agent offers a medium thru which can be accomplished this work."

### WOMEN IN THE NEWS

Mrs. Helen King Robinson, Colorado's first woman state senator, who is now actively engaged in the movement to promote the interests of equal suffrage while the presidential campaign is on, is a native of Maine and was educated at Wellesley College. She married Ewing Robinson, a Denver attorney, in 1902. Mrs. Robinson has long been a contributor, and also before the meetings of the kimono is at all "dressy," elaborate embroidery by hand consumes more time. Educated women are at the head of the "reform the kimono" movement, and are preaching to their sisters of the peasant and artisan classes a greater simplicity and economy of dress. This extremely charming and graceful garment is therefore assailed from every quarter, for among the very wealthy Japanese, there has been for years a greater and greater tendency to adopt the conventional European dress.

Mrs. Dollie Ledgerwood Matters of Chicago, who recently figured in a sensational case of baby substitution, claiming as her child and heiress to the vast wealth left by her late husband, a little girl whose parentship was finally awarded to Miss Margaret Ryan, a Canadian girl, has gone on the stage. She made her appearance in vaudeville shortly after the close of the trial, telling her audience that she was taking that means to appeal her case and get back "her baby" taken from her in the Federal court. The child (whose father, according to Miss Ryan's story, is a Canadian soldier now fighting in Flanders, has been taken to Ottawa by the woman whom Judge Landis pronounced its mother.

Mrs. L. A. Greyer, a Boston artist, was recently "dared" by W. M. Brown, another Boston artist to wear on the principal streets of three New England cities an elaborate toilette consisting of hand-painted satin gown, hat, shoes, stockings, gloves harmonious floral design in Mrs. Greyer's own handiwork. Mrs. Greyer calmly took up the challenge and with Mr. Brown following visited Providence and Worcester after parading conservative Boston itself with and parol, all showing the same the sumptuous garments. Mr. Brown's \$50 went to the Red Cross, and he now refuses to perform the same "stunt" in a hand-painted straw hat, claiming that "it takes more nerve than a man has to do those things."

Miss Ethel Ranzone, head of the department of home economics at the University of Missouri, believes that if women are to compete with men in the business world, one of the essential things they must do is to adopt standard clothing which does not interfere with their work. To this end she has in her courses on clothing at the university worked out what may be considered a standard dress. It consists of a short, full skirt hanging from the shoulders by means of a sleeveless underwaist which takes the place of the corset. Over this is worn a Russian blouse loosely belted in, and open at the neck with a rolling collar. Both blouse and skirt button straight down the front to facilitate fastening and laundering. Miss Ranzone discussed the new dress at one of the sessions of the National Education Association convention in New York recently and also before the meetings of the American Home Economics Association at Ithaca early this summer, where her enthusiasm for a standard dress for women gained many advocates.

### TALLULA CHAUTAUQUA

Why don't the business men of Jacksonville show their appreciation of the business they get from Tallula by visiting their Chautauqua? Aug. 25 to 29.—adv.

## CHAUTAUQUA MANAGEMENT DECIDES ON HIGHER SEASON TICKET PRICE

Funds are Needed for Continued Growth of Illinois' Largest Assembly—Financial Statement by Mr. Heint.

F. J. Heint, as treasurer of the Jacksonville chautauqua, made a statement of financial resources Monday evening, in which were outlined the reasons for a raising of the season ticket admission price from one dollar to one dollar and a half. Mr. Heint said:

This Chautauqua is conceded to be the largest in Illinois. Its management believes it to be the Best in the West. For two years it has sold subscribers tickets for one dollar. One and two years ago we were having hard times in this section. The management feel that this Chautauqua is a community benefit and asset and have labored to keep the price of tickets so low that the great mass of the people could afford to enjoy and profit from it. It has not been run as a money making proposition for anyone. The Directors would not give the time they do to its promotion, unless they could furnish an assembly of real merit at a price that all can afford. Financial conditions in this community are better than they have been for several years. We have had good crops and labor is all employed.

This is an unusually low-priced Chautauqua. The ordinary circuit Chautauquas, lasting from four to seven days, charge One and a half or two dollars for subscribers tickets and the better ones charge two dollars and two and a half. We sign only the best talent of its class, and never knowingly sign a cheap or inferior attraction just to fill in. No Chautauqua anywhere, of the character of this, sells guarantors' tickets for less than two dollars.

Every year more help and conveniences are required. Everything we buy is, on account of the upward trend of prices, costing us more and more each year. We would wish an increasing number of campers each year have a strong morning program. Good morning programs add much to the cost of the assembly. We very much need more and better accommodations for campers. A foot bridge should be built across the south lagoon of the park so as to give easy access to the big hill on the west—a delightful place for campers—quick growing trees might be planted so as to give more and better shade and these could be done with the consent of the park board and available funds. Funds are needed for the improvement of the roads leading into the park and for water supply and more lights.

As stockholders you are entitled to a financial statement of this Chautauqua. The management compiles as soon after each session as possible and prints in the Jacksonville daily papers a complete statement.

It might be well to present at this time an epitome of the statement of the 1915 assembly:

The receipts were:  
Balance from 1914 .....\$ 4.76  
Season Tickets ..... 3808.00  
Gate Receipts ..... 1208.85  
Tents ..... 101.20  
Miscellaneous ..... 6.09

Total .....\$ 5128.81

The expenditures were:  
Deficit 1914 .....\$ 832.15  
Talent ..... 2708.22  
Tent and Grounds ..... 88.65  
Help ..... 261.50  
Advertising ..... 324.10  
Miscellaneous ..... 274.36

Total .....\$ 5285.99

Deficit .....\$ 157.18  
Subscribers' tickets for the 1917 Chautauqua will be sold at One Dollar and fifty cents. To assure the chautauqua three thousand tickets must be pledged. The management will not sell to exceed these three thousand tickets at this price and will sell tickets to no one but subscribers at this price. When the subscribers tickets are sold, it will sell no tickets at less than two dollars for adults.

Subscriptions for tickets for 1917 will be presented you. Do not subscribe unless you expect to redeem your pledge promptly next year. The Chautauqua attractions are bought on the pledges given and every unredemmed pledge makes a deficit. Those who subscribe are expected to buy their tickets of the management and not of other subscribers. Subscriptions made by organizations, classes, etc., must be signed by some responsible party.

This is a great mutual community effort. Every guarantor is or should be interested in the success of the Chautauqua. It is your Chautauqua. The directors serve without pay—every one of them buys and pays for the tickets he uses. As soon as this session closes the work for 1917 begins and it means hard work and much time and energy on the part of the directors to promote such an affair. This Chautauqua has a very limited free-list. Free tickets are issued only to newspapers for advertising, to employees and to talent and the number of these is very small. This Chautauqua at its opening carried a small deficit from the 1914 assembly. It must be conducted so that it shows a small profit instead of a small deficit.

With season tickets at one dollar and a half this great Chautauqua will cost you fifteen cents a day, or five cents a session, or less than two cents a number. Can you find any where such wholesome recreation and entertainment at so small a price?

If this Chautauqua is to continue subscribers must not only guarantee three thousand tickets but must redeem their pledges promptly otherwise you will find no one who will

## FORMER RESIDENT OF JACKSONVILLE IN TROUBLE

Hugh W. Sargent, a former resident of Jacksonville was arrested in Sangamon county recently on complaint of Patrick Allen, a saloon keeper at Seventh and Washington streets charged with giving worthless checks.

Sargent has been manager of a camp of pearl hunters in the employ of the Mississippi River Pearl Button company at Burlington, Iowa. He gave checks to Allen to the amount of \$76.02 which proved to be worthless.

Sargent was arrested and taken before Justice Rely of Springfield. He stated that the company had authorized him to pay the men in checks, signing his own name and had promised to keep enough money in the bank for this purpose. This they did not do and also notified the bank not to honor any more checks by Sargent but had failed to notify Sargent to that effect.

In the justice court Sargent got into communication with the firm and was authorized to sell the effects of the company to meet the checks. Allen thereupon got out a writ of attachment for the tents, a typewriter and other articles in the camp to secure his claim. Sargent was then released on bond. Mr. Allen said he had known Sargent for some time and had always found him honest.

### CHARLES Z. ROACH OF CONCORD IS SUDDENLY CALLED BY DEATH

Passes Away At Home of F. B. Henderson Early Sunday Morning—  
Funeral Services Today.

Charles Z. Roach of Concord, died Sunday morning at 6 o'clock at the home of his daughter, Mrs. Fred B. Henderson, of Arcadia. The end was altogether unexpected as Mr. Roach had been in his usual health and the day before had made a trip to Jacksonville. Hardening of the arteries was the cause of death.

Deceased was one of the oldest and most highly respected residents of the Concord community and his death will occasion keen regret on every hand. For fifteen years he held the position of postmaster at Concord.

The trip to Jacksonville Saturday afternoon was made by auto in company with Mr. Henderson, son-in-law of Mr. Roach, who retired that night in apparent good health. Illness seized him Sunday morning about 4 o'clock and Dr. A. E. Obermeyer was called. Much improvement was noted in his condition and after a time the physician left. After the doctor had departed, Mr. Roach suffered a second attack and passed away in a few minutes.

Mr. Roach was born in Washington, Ohio, March 3, 1843, and came to Morgan county at the age of twenty-three. In October, 1869, he was married to Miss Catherine Ann Valentine. To them three children were born, Charles Edward Roach, of Springfield; John Ralph Roach, St. Louis, Mo., and Ruth E., wife of Fred B. Henderson, of Arcadia. Mrs. Roach passed away March 13, 1915. Mr. Roach leaves one sister, Mrs. A. M. Coover of Concord, and a brother, James Roach, of the same place. Seven grandchildren survive. With the passing of Mr. Roach, the fourth parent of Mr. and Mrs. Henderson has died within a space of two years. The mother of Mr. Henderson died in December, 1914, and Mrs. Roach, mother of Mrs. Henderson, passed away a few months afterward. Mr. Henderson's father met death in the early months of the present year.

For a number of years Mr. Roach followed the trade of painter and decorator and it was about seventeen years ago that he entered the grocery business and received the postmaster's office of his village. He has been a long time member of the Methodist Protestant church at Concord and his days have been spent after the manner of a true Christian and upright man.

The funeral will be held this afternoon at 2 o'clock at Concord M. P. church, in charge of the Rev. J. G. Reid, a former pastor, and assisted by the Rev. A. E. Fairchild, the present minister. The burial will be made in Concord cemetery.

### SOCIAL EVENTS

Family Gathering at  
Home of Len Watson

Sunday at the home of Len Watson in Asbury neighborhood there was a delightful family gathering which attracted about twenty from various directions, mostly Cass county for a reunion of those who had not been together for many years. There was no set program but all present united in enjoying the day to the fullest extent. Dr. G. W. Miller and Richard Megginson were invited guests and all fully enjoyed the day. A bountiful dinner comprising about all the good things obtainable was a feature of the day long to be remembered by all present and it was with regret that final goodbyes were said.

Linen Shower for  
Miss Anderson

Miss Kamille Wright gave a linen shower Monday evening for Miss Martha Anderson, who is to be married Wednesday morning to Edward Garnier of Beardstown. The function was held at the home of the bride-to-be and was a delightful affair in every way. During the evening hours ice cream and cake was served as a part of the refreshments. The young ladies present were Misses Kamille Wright, Pauline Harney, Dorothea Sargent, Katie Whalen, Loretta Bergschneider, Lola Austin, Mary Wright, Beatrice Anderson, Alma Lenke, and Gaynelle Olinger.

### MORTUARY

Mays

Oscar Mays, aged 2 years and 6 months, son of Mrs. Alice Mays, died at the home of his grandparents, Mr. and Mrs. James Buckley, 752 Hardin avenue Sunday afternoon at 2:30 o'clock. Acute indigestion was the cause of death. Funeral services will be held from the Church of Our Savior this morning at 9 o'clock with interment in Calvary cemetery.

Price.

Mrs. Martha Price of 301 South West street died Monday evening at 10:10 o'clock. She had been in failing health for a period of five months.

Mrs. Price was born in Kentucky and came to Morgan county thirty years ago. She took up the occupation of nursing upon the death of her husband, which occurred some years ago. Deceased was a member of the Second Christian church and was devoted to her church and to her work. Her maiden name was Martha Gay.

Deceased is survived by three children, Mrs. Martha Boyd, Mrs. Mabel Nelson and William Price, all of Kansas City. Mrs. Anna Swar, a sister, survives her as do four nephews, Addison and William Swar, Claude and Harry Richardson.

Funeral arrangements have not been completed pending the arrival of relatives. It is expected that they will arrive today.

### A CORRECTION.

The statement that an employe of the Wilson & Harding store was robbed about 10:30 o'clock Saturday night of \$16 or \$18 belonging to the firm caused some misapprehension. As a matter of fact the robbery or holdup occurred about 8 o'clock while the young man was on his way back to the store after his last delivery trip. He had made certain collections to the amount indicated and that fact accounted for his having money with him belonging to the firm.

Think of buying a splendid, durable carpet sweeper at such a ridiculously low price. The "Hygeno" Sweeper is made of steel, light in weight but strong—a sanitary sweeper which harbors no germs. "Hygeno" Sweepers are handsome, having beautiful mahogany baked enamel finish and nickel trimming.

It's a might good sweeper—better than the old-fashioned kind—sanitary, light weight, easy running and handsomely finished. The big Hygeno factory could not have furnished them so cheaply except for the fact that the output is several thousand per day, thus bringing the cost of production way down. Let us emphasize the fact that this is an advertising—not a money-making—proposition.

### DRIVEN INSANE BY FEAR OF GALLOWS

Denver Shooting Affray of 1911 Recalled when Frank Henwood Loses Mind.

Denver, Colo., Aug. 21.—A haunting fear of the gallows has driven Harold Frank Henwood insane and he has been transferred from the laundry of the State prison to the ward set apart for the criminal insane. Ever since the night of May 24, 1911, when Henwood shot and killed Sylvester von Phul and George E. Copeland and seriously wounded John W. Atkinson in a drunken row in the bar of the Brown Hotel, this one-time society man has held this fear, and at last his mentality has given away and he is hopelessly insane, according to expert alienists.

Henwood's hallucination is that he has electric wires in his head. And, despite the commutation of his sentence of death granted by the Governor on October 16, 1914, he yet holds to the belief that he is to be hanged for the killing of the two men he shot to death five years ago. Henwood has shown signs of violent insanity for several months, say the prison officials who have been keeping a close watch upon his movements. A year ago the head of the prison medical staff recommended that Henwood be given hard manual labor as a means of effecting a cure of his mental trouble. It was thought that physical labor would clear his mind and produce sleep. This treatment was tried, but failed to produce the desired effect.

It made no difference, however, in the mental condition where he worked or what labor he performed. He tossed and tumbled all night, moaning and crying out many times that the electric wires in his head were slowly burning him to death. This continued until two weeks ago when he grew violent and it became necessary to confine him in the ward for the criminal insane.

Henwood's mental malady is not uncommon to those who have been sentenced to death on a murder charge, say the criminologists. The circumstances of the killing are always before them after an exhausting trial, such as Henwood underwent on two occasions in Denver, and when the death sentence has been pronounced it may as well be executed, say these experts, so far as the mentality of the condemned is concerned, because he is never able to recover from the shock of the sentence.

Henwood was first placed on trial July 29, 1911, two months after the date he shot Von Phul and Copeland to death. He was charged with the killing of the first and the verdict was murder in the second degree. He appealed and a new trial was ordered. While his case remained under consideration by the higher tribunal Henwood was kept confined in the county jail.

He was placed on trial the second time in June, 1913, the charge in that case being the slaying of George L. Copeland, who was a bystander and was accidentally shot by Henwood while the last named was firing his revolver at Von Phul. The verdict in that case was first degree murder and he was sentenced to be hanged the week of November 1, 1913.

### RETURN FROM NATIONAL EAGLES MEET AT SAVANNAH

Frank U. Correa Says Generous Hospitality Was Shown Visitors—California Man Elected President.

Junior Past State President Frank U. Correa returned Monday morning from Savannah, Ga., where he attended the eighteenth annual national convention of the Fraternal Order of Eagles. Mr. Correa was accompanied by Homer Whalen, mayor of Canton who represented Canton aerie at the convention.

The city of Savannah which is known as the Paris of the south was beautifully decorated with the Eagles colors, red, white and blue. The parade was held Thursday afternoon at 5 o'clock and was one of the most beautiful displays and one of the largest ever held in Savannah.

Savannah is the home of Col William L. Grayson, the retiring Grand Worthy president of the order and the city paid a great tribute to him.

Mr. Correa says that the south has lost the feeling of hatred toward the north and the people of Savannah received the Eagles with open arms. The decorations of colored lights of red, white and blue made a beautiful sight at night, and there was much entertainment during the session.

The Illinois delegation was headed by President Johnson and Past presidents Correa and Cooper who rode in a big motor car and made quite a hit singing "Illinois." First prize for the best float in the parade was won by the Savannah Elks with the Savannah lodge Knights of Columbus getting second.

One of the most interesting things of the trip to Mr. Correa was his trip thru the territory where his father fought with Sherman in the civil war. He saw a number of the famous battle grounds and the house Sherman occupied in Savannah which still stands in Bull street.

Rex B. Goodsell of San Bernardino, Calif., was elected Grand Worthy president, Frederick Hughes, New York grand worthy vice president, J. S. Parry, San Francisco, Grand Secretary, Joseph H. Dowling, Dayton, Ohio grand treasurer, Henry J. Lemcke, Saginaw Mich., grand worthy chaplain, John W. Hellar, York, Pa., grand worthy conductor, Charles T. Laird, Brockton, Mass., grand inside guard. The grand trustees are Frank Mullen, Seattle, Wash., P. J. Barrett, Omaha, Neb.; John M. Morin, Pittsburgh, Pa., and O. N. Becker, Milwaukee.

### NATIONAL NEGRO BUSINESS LEAGUE LARGELY ATTENDED

Frank Mallory has returned from Kansas City where he attended the sixteenth annual meeting of the National Negro Business League which was held in that city August 16, 17 and 18.

The league was founded sixteen years ago by Booker T. Washington who did so much for the upbuilding of his race. From a small beginning the league has grown until it is one of the most powerful influences for good to the negro race in existence. Mr. Washington until his death was president of the league.

At the Kansas City session J. C. Napier former registrar of the treasury of the United States was elected to the office of president. Mr. Mallory who represented Jacksonville at the meeting was again signally honored by being made a member of the auditing committee. Mr. Mallory at the session a year ago was selected a member of the resolutions committee.

Big features of the meeting were the memorial service, banquet and industrial parade. At the memorial service many beautiful eulogies were paid to the memory of Booker T. Washington. The banquet was held in convention hall which seats 30,000 people and plates were laid for fifteen hundred guests.

The industrial parade was an inspiring sight and was witnessed by 15,000 negroes. In the parade were 300 automobiles and many floats as well as other features.

In speaking of the meeting Mr. Mallory said that one could not appreciate the success of negroes in the business world unless one attended one of the sessions of the league.

There were present from all parts of the United States negroes who had made success in their chosen callings. They represented all branches of business. One man from California Mr. Mallory said, had become a millionaire in the real estate business and was one of the few men of his race who had accumulated so much wealth.

One of the most interesting figures at the meeting was Mrs. Anna Fisher of Columbia, Mo. Mrs. Fisher was down on the program for a talk on the subject, "How a recipe for biscuit making made one woman famous." Mrs. Fisher did not arrive in time to appear on the program but met many of the delegates.

She started many years ago to make what is known as beaten biscuits for a few white families in Columbia. Now she owns eighteen houses in Columbia besides the beautiful home in which she lives. Mr. Mallory has a photograph of this house.

Mr. Mallory said the program was filled with inspiring talks by bankers, physicians, theater owners and many of the useful trades. The meeting as a whole was a great success.

### CONCORD PEOPLE RETURN FROM AUTOMOBILE TRIP

Mr. and Mrs. Ora T. Hamm Made Good Time on Kentucky Trips—Other Concord Not's. ....

Concord, Aug. 21.—Ora T. Hamm and family who have been in Kentucky on a visit returned home on Thursday morning. They made 309 miles on the last lap of the journey, and the speedometer showed about 1800 miles for the trip. He reported crops looking good except a short stretch in Indiana, and some here in Morgan county. The route traveled was from here to Springfield, Decatur, Indianapolis, Cincinnati and Carlisle, Kentucky.

Austin Smith was quite sick for a while on the day of the fish fry, but is getting better.

Little Joseph Meyer, son of C. E. Meyer is improving nicely. He was bitten by a dog recently.

Mrs. Milton Harris is considerably under the weather and her daughter, Mrs. Morris of Arenzville is with her.

The Misses Voryl and Bernice Whorton, of White Hall, have been visiting Ora Hamm and family.

O. T. Hamm, J. E. Whorton and Harold Hamm went to Jacksonville today to bring back another car.

Edward Green and wife of Danville are visiting his sister, Mrs. Hamm.

Mr. and Mrs. G. J. R. Wolff went to Meredosia on Saturday to attend the family reunion of the Pond family and will stay over Sunday.

Mr. and Mrs. Joseph Smith of Barry have been visiting friends near Concord.

The Concord Christian church expects to give a donation sale some time in the fall. Full particulars will be announced later by the committee on arrangements. R. E. Abernathy, O. T. Hamm, and C. O. Bayless are the committee and have power to appoint the sub-committees and set the date.

Mrs. Carl Rentschler and children of Galesburg, Mrs. Anna Green and daughter of Davenport, Iowa, and Rev. and Mrs. J. G. Reed and daughter of Long Point, were here to attend the home coming on Thursday. Also the following from the vicinity of Arcadia. Mr. and Mrs. John Rexroat, Mr. and Mrs. Edward Rexroat, Mr. and Mrs. Oral Rexroat, Mr. and Mrs. Oliver Zahn, Mr. and Mrs. Farler Mr. and Mrs. Will Rexroat, and others, of the vicinity of Arcadia were a part of the numerous crowd. J. G. Vestor says he counted one hundred and sixty-five automobiles at one time and no telling how many he let get away without counting.

Miss Ruth Henderson came home from Eureka, on Friday noon to visit and rest.

William Crawford of Mt. Sterling is visiting his sister, Mrs. Ada DeSilva.

## YANKS DRIVE SCOTT FROM RUBBER AND WIN

**CULLOP WINS TWELFTH GAME OUT OF THIRTEEN PITCHED**

Pipp Passes Baker for American League Leadership in Hitting Home Runs When He Makes His Ninth Circuit Drive

New York, Aug. 21.—New York drove the veteran pitcher, Jim Scott from the rubber in two innings today and won the second game of a series from Chicago 6 to 2. High's extra base hitting was largely responsible for Scott's predicament. Cullop won his twelfth game out of thirteen pitched this season. Pipp passed Frank Baker for the American League leadership in hitting home runs when he made his ninth circuit drive. The score: Chicago 9AB. R. H. O. A. E. J. ### FAVORITES HAVE THEIR OWN WAY AT CLEVELAND RACES

Tommy Murphy Wins Driving Honors With Two Wins in Two Starts—Directum I. Paces Exhibition Mile and an Eighth in 2:16 1/4.

Cleveland, O., Aug. 21.—Favorites had their own way in three of the four events at the second Grand Circuit race meeting at North Randall which opened today. In only one race, the 2:09 trot, was the talent bumped.

Tommy Murphy, the veteran reinsman, won the driving honors, with two wins in two starts. He piloted Real Lady to the front in the two year old trot and also shoved Jay Ell Mack across in the 2:08 pace. In the 2:09 trot Guy Nella, driven by Snow was a heavy favorite, but in the first heat she broke and was distanced, Sadie S. winning the heat and ultimately the race.

As an added attraction, Murphy drove Directum I., an exhibition mile and an eighth, lowering the world's pacing mark for that distance from 2:20 to 2:16 1/4. The record established in 1902 was held by Carl Wilkes.

## CUBS DOWN BROOKLYN BY RALLY IN EIGHTH

**DODGERS' ERRORS HELP OPPONENTS TO VICTORY**

Single by Elliott Drives in the Two Tying Runs—Artie Hoffman Again in a Cub Uniform, Drives in the First Chicago Run.

Chicago, Aug. 21.—Errors by Olson and Hy Meyers helped materially in a four run eighth inning rally that gave Chicago a 5 to 4 victory over Brooklyn today. A single by Elliott drove in the two tying runs. A stellar catch by Meyers previously saved Pfeffer. Artie Hoffman again in a Cub uniform batted in the first Chicago run.

## A Sensible Cigarette

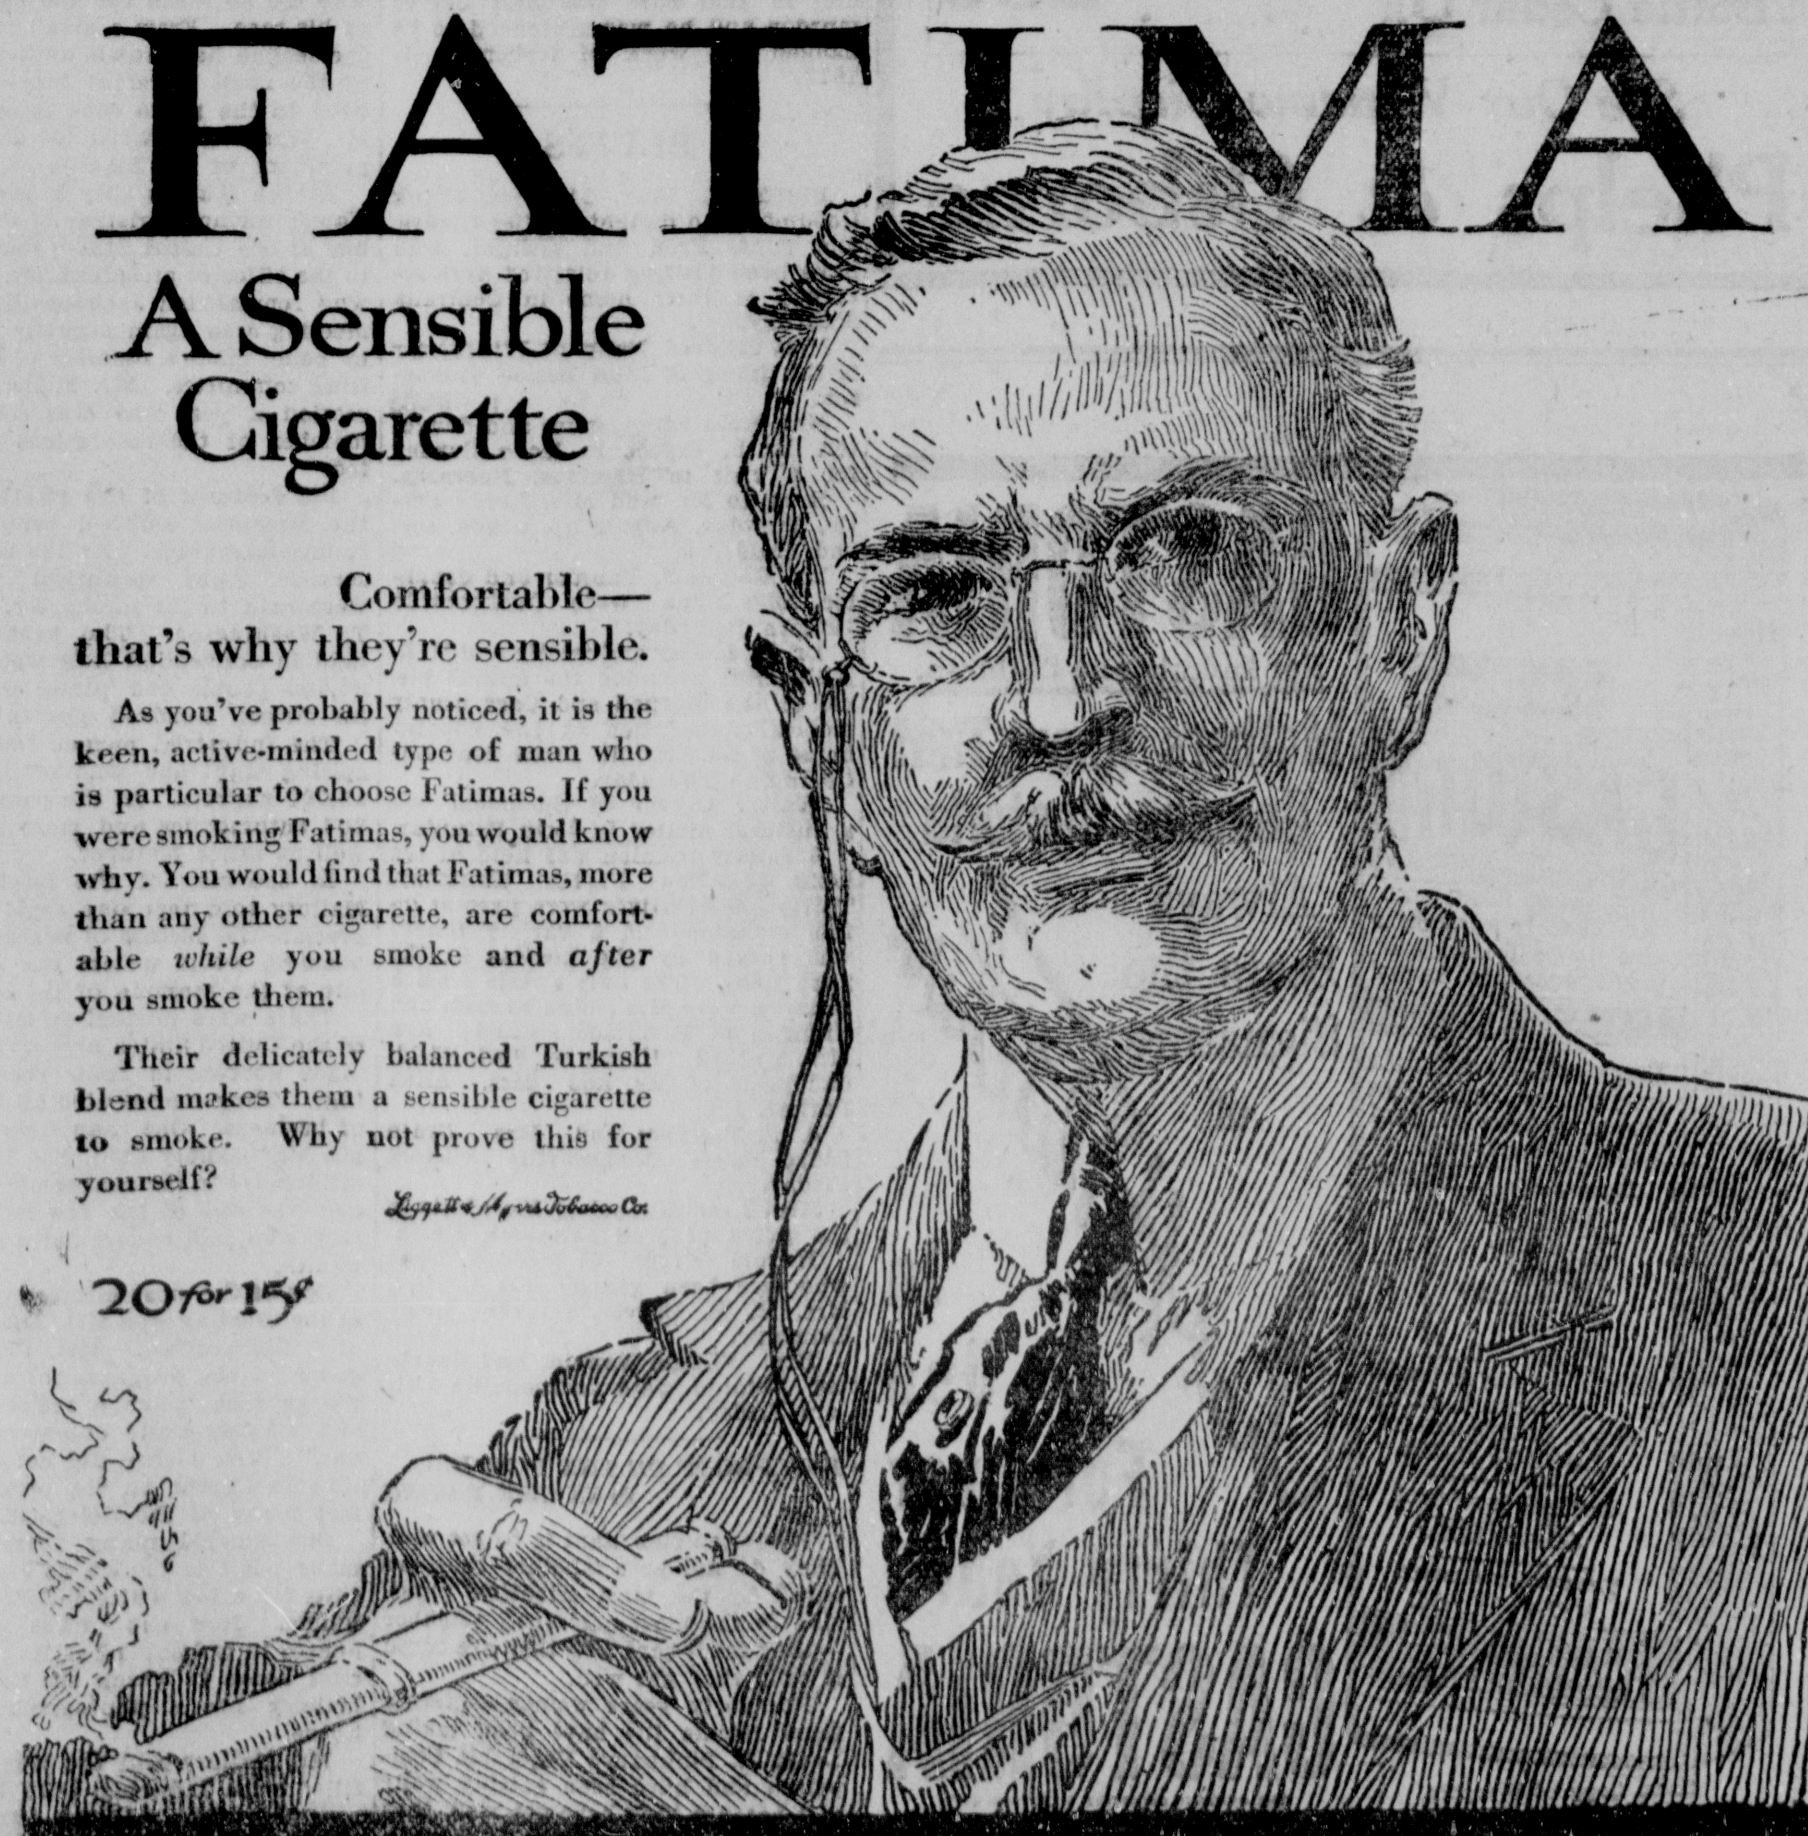

Comfortable—that's why they're sensible.

As you've probably noticed, it is the keen, active-minded type of man who is particular to choose Fatimas. If you were smoking Fatimas, you would know why. You would find that Fatimas, more than any other cigarette, are comfortable while you smoke and after you smoke them.

Their delicately balanced Turkish blend makes them a sensible cigarette to smoke. Why not prove this for yourself?

### WOMEN RESENT SUFFRAGE WARNINGS BY DEMOCRATS

Attitude of Certain Party Leaders Is Decried in Congressional Union Paper.

Washington, Aug. 21.—The swinging of political clubs and threats over the heads of women, of which conduct Senator Lewis, of Illinois, Democratic whip of the Senate, and Secretary of the Navy Daniels are reported to be guilty, is decried in an editorial in the current issue of "The Suffragist," weekly organ of the Congressional Union for Woman Suffrage and the Woman's Party.

The threat of Senator Lewis was of a two-fold character. In the first place, he declared that if women arouse the antagonism of the Democratic party, the Democrats would oppose suffrage not only nationally but by states also. Moreover, he added, according to the Suffragist: "You women must remember that the same power which has given you the vote can take it away again."

These "warnings" were given by Senator Lewis, it is reported, to a Democratic member of the Congressional Union who was discussing federal suffrage with him.

"This threat from the official whip of the Democratic party in the Senate," says the Suffragist, "indicates an amazing attitude of hostility to the interests of women. According to Senator Lewis, Democrats can thwart, if they please, the national enfranchisement of women; but if women resent it, they are told that the Democratic party will be 'antagonized' and will oppose their highest political interests in the state and nation."

"Senator Lewis and his leaders have not grasped the present status of the suffrage movement. Women need not be alarmed over the danger of antagonizing the Democratic party. The Democratic party ought to be very much more alarmed over the danger of antagonizing women."

The time has gone by when politicians could frighten women into a timid policy by announcing that they would be 'antagonized' by any resentment of their own injustice.

Women are a political power today. That power is growing, not diminishing. Democratic leaders must adjust themselves to these facts."

Senator Lewis also was reported to have said that women in seeking the vote by the federal method were asking for a greater right than had ever been extended to men who had gained their suffrage thru the states. In this the facts of history contradict the senator from Illinois. The men of that state secured their right to vote by act of the Congress of the United States, and the enabling act of 1818 admitted Illinois to the Union without its constitution ever being submitted to the people of the state. The same is true of many other states, including Georgia where Senator Lewis lived for some years before going West.

Opposition to a federal amendment enfranchising women on the ground that men obtained their suffrage thru the states is knocked in the head, therefore, it is claimed, by the facts in the case.

"Instead of winning the right to vote by hard work thru the referendum process," writes Mrs. Mary Ritter Beard, of New York, in The Suffragist, "men thus vote thruout the Mississippi region and westward to the Pacific and in many southern states as a direct result of congressional procedure, regulation and interference in local affairs. In the eastern and other southern states manhood suffrage is only to a very slight extent the result of referendum on the question. New England stands almost alone in having submitted the matter to popular approval."

### MURRAYVILLE WINS FIRST OF SERIES FROM ROODHOUSE

Murrayville won the first game of a five game series from Roodhouse at Roodhouse Sunday. Charles White pitched for Murrayville and held Roodhouse safe at all stages. He was affected by the heat in the ninth inning and let down a little and Roodhouse got to him for four hits and one run. He then tightened and struck out two men with the bases loaded and one down. Clark and DeFrates also played with Murrayville and it was their work with the stick coupled with that of Rubie that turned the tide of battle in favor of Murrayville early in the contest. The score:

### OLD SOLDIERS AND SETTLERS TODAY

Hundreds of both should be on the chautauqua grounds today. This will be the day for the old settlers and the old soldiers. Let all turn out and have a good time. There will be a program beginning at 10:30 in the forenoon and it is intended to make it interesting. Reminiscences of old settlers and old soldiers will be given, articles of interest will be displayed and a good time generally will be enjoyed.

The list of special prizes has already been published and it should attract a good many people.

The patriotic address by Bishop Fallows, the address on the Illinois centennial celebration by Prof. Hugh Magill of Springfield and the electrical entertainment in the evening by Prof. Louis Williams, all in addition to the reunions of the old settlers and the informal program of the morning surely will make a bill worth enjoying.

Mr. and Mrs. Ray Coppage of Peoria are in the city for a visit of several days at the home of Leslie Baldwin. Mrs. Coppage was formerly Miss Hazel Fellows.

### ADMINISTRATOR'S NOTICE

### ALIEN INSTRUCTION URGED

Bureau of Naturalization Seeks Increased School Facilities for Candidates for Citizenship.

Washington, D. C., August 20.—Greatly increased school facilities are to be provided this fall for the instruction of foreign-born residents of the United States and especially for alien candidates for citizenship. During the last scholastic year public school authorities of approximately 650 cities and towns in 44 States of the Union were cooperating with the Bureau of Naturalization of the U. S. Department of Labor in this branch of its educational activity. According to information thus far received by the Bureau, nearly 100 others have signified their intention of joining in the movement and all indications now point to a most gratifying record for the 1916-17 school year.

It is the desire of the Bureau of Naturalization that public school night classes be installed wherever the need exists for the education and Americanization of foreigners. This need or operation of the public school is not limited to those who have applied for naturalization. It is intended to include all foreign-born residents whose instruction in English and civics would, beyond question, result not only in great personal benefit to themselves but would be of signal advantage to city in which they reside and, logically, to the nation as well.

That the cost of the establishment and maintenance of such schools is relatively small as compared with the great good accomplished, is convincingly shown by reports received from the public school authorities who cooperated with the Bureau of Naturalization last year. With this in view, the Bureau is urging the Superintendents of Schools all over the country to insert in their municipal budget for next year an item providing funds to cover the expense of carrying on this public night school work.

### DOKAYS TO MEREDOSIA

At the regular meeting of Hilderim Temple No. 62 D. O. K. K. held Monday evening the matter of running a moonlight excursion to Meredosia by way of Pearl was discussed.

The date talked of is Sept. 15, which will be Jacksonville day at the Meredosia homecoming. While plans have not been completed they contemplate an excursion to Pearl via the Chicago & Alton, thence by the Steamer Columbia to Meredosia. The Columbia is one of the fastest and best equipped boats on the river. The Dokay drill team will be a feature of the Jacksonville day program at Meredosia.

The matter of attending the grand lodge session of the Knights of Pythias at Decatur in October also was discussed. Decatur Dokays are planning a big time and among other things will be drill team contests and a big parade. More details of this trip will be taken up at the next regular meeting and if the trip is made it is the intention to take the Jeffries band and a large crowd of dokays.

### TO CAMP AT QUIVER.

Mr. and Mrs. Weir Braner and son, Mr. and Mrs. Roy Goodrick, Miss Dorothy Braner and Volley W. Huffman compose a party which left Monday morning to spend ten days at Quiver Beach, Havana.

**RETURN TO CALIFORNIA**  
Mrs. E. H. DeLapp, who has been visiting at Huntington, Cal., has returned to Los Angeles, has the following to say regarding the return of some Jacksonville visitors: Mrs. E. H. DeLapp, since her return home from the broiling east, has been enjoying the southern California

climate to her heart's content. Her brother, Mr. William Kastrup, and wife, have been made to feel the hand of welcome by Mrs. De Lapp's many friends. Last week the De Lapp residence was kept aglow with entertainments in honor of the visitors, who have been shown every courtesy in the way of sightseeing. There is strong suspicion that Mr. and Mrs. Kastrup have been inoculated with California virus, and it would not be surprising to have them locate her Mrs. Elmer Henderson of Joy Prairie was a city shopper yesterday.

## INTEREST GROWS IN CHAUTAUQUA

GREAT CROWDS PRESENT FOR SUNDAY AND MONDAY.

People Agree that Directors Have Provided Great Program for this Year—Plans Well Under Way for 1917—Old Settlers and G. A. R. Reunions Scheduled for Today.

## PROGRAM FOR TODAY.

## Morning.

10:30—Concert, Jeffries band.

## Afternoon.

2:00—Concert, Jeffries band.

2:45—Lecture, Dr. James W. Brougher.

## Evening.

7:30—Concert, Jeffries band.

8:15—Lecture, T. A. Daly, Humorist and Poet.

Moving Pictures—T. S. Scott.

If the first four days of the 1916 chautauqua are to be taken as a guide surely the enterprise is on a good foundation and for good reason. In spite of the torrid weather the huge tent was packed Sunday morning and evening and well filled Monday afternoon and evening. Sunday morning an impromptu Sunday school was the feature and then a good Samaritan, Hon. George Wilson of Quincy, on a moment's notice, ably supplied the place of Dr. Caroline Geisel who in the afternoon took the place of Dr. Evans, who was unable to get here on account of a railroad trouble.

The vesper services conducted by Carl Weber were deeply interesting, the concerts by the Jeffries band during the day and evening were fully up to standard, the Short Kids delighted everybody as usual and the evening lecture by Dr. Caroline Geisel followed by Scott's moving pictures ended a day filled with good things.

Monday morning the Jeffries band discoursed fine music and in the afternoon also after which Dr. James W. Brougher of Los Angeles, addressed the audience. In the evening after more music a fine lecture was delivered by James Goodhart, superintendent of the Sunshine Mission of Denver, and moving pictures ended the program of the day.

Platform Manager Dial said that Bob Seeds had paid the chautauqua here the highest of compliments before departing, which was very pleasant. He then announced Sunday school. George Beekman, with an improvised and very acceptable choir with Miss Clara Ranson at the piano supplied excellent music. The audience was then arranged in classes as far as practicable, teachers were sought and the lesson for the day was studied with much interest and profit by a good number.

## Anti-Saloon League Work.

Mr. Dial then announced a change in the program. Dr. Evans would be unable to attend, Dr. Geisel would speak in the afternoon and Hon. George H. Wilson, the man of the hour, would address the assembly in the morning. Altho the request was wholly unexpected Mr. Wilson made an excellent, acceptable address. He said in part: "The church is approaching time when it is being better appreciated and coming to the position it held in time of the Puritans when all enterprises centered about it. The time was when the various denominations spent their time largely in fighting each other instead of opposing Satan but a better spirit now prevails. A great apostle of harmony was Howard Russell of Ohio, the father of the Anti-Saloon league. There are more good people than bad in our great state. One element of strength in the liquor people is the way they stand together in all things and they are tremendous power in politics and business. Nineteen states are now dry and the sentiment is growing. People in all walks of life must show their colors. I endorse woman suffrage for in many cases women saved the day Abraham Lincoln said that after slavery was over the temperance question would be the great struggle and it is now upon us."

Home Basis of Government. Dr. Caroline Geisel of Battle Creek Mich., was the speaker of the afternoon and evening and many said if they heard nothing more they had already received good value for their money. Her theme was: "God and the Home" and she held aloft and led her hearers up to noble thoughts. She said in part: "The home is the whole foundation of government. It takes two women to rear each man, first the mother and then the wife but what can they do if all efforts are thwarted by the soul damning saloon? It is time the country recognized this fact and better protected the home. In the practice of medicine twenty years and studying with the greatest medical men of the world in St. Petersburg and Paris as well as in America I have learned many things.

"Alcohol ruins digestion. In Paris the bodies of the derelicts are handed over to the medical colleges for dissection and every time alcohol leaves its ruinous marks on the stomach. It is to some degree a sedative but small amounts taken a long time are apt to cause ulcers of the stomach, something very hard to cure. I was not long ago called to visit the bedside of a man dying with cancer of the stomach. Imagine my surprise on greeting a childhood playmate. He had never been known as a drinker but moderate amounts taken for years had wrought their work and soon he died of cancer of the stomach. I do not say cancer is an invariable

result of drinking for we do not definitely know the cause of that terrible scourge but it often does follow drinking. Last year there were 56,000 more deaths than heretofore from preventable diseases. Just 62 per cent of cases of Bright's disease come from drinking; 60 per cent of the cases of apoplexy; a large per cent of the cases of hardening of the arteries.

## Some Food Tests.

"A man tested the efficiency of a bookkeeper fed on an abundance of bread buttered on both sides and it was 117 per cent; the beer was tried and the efficiency was 7 per cent, two drinks of whisky decreased efficiency 3 per cent. The Russian Czar said temperate Japan conquered drinking Russia and in a night he banished vodka, the whisky of Russia, and in one month the savings of the nation were double what they had been in a year before.

"The Bible says we are sons of God; why then should we not be worthy of such ancestry? The sins of the fathers are visited on the children. Why do we have so many weakly, delicate little ones and why do one out of every two babies die? It is because the virility of the fathers is deadened. O ye men who are and are to be the fathers of the children, in the name of Christ's little ones I appeal to you for their sakes, if for no other, be temperate. I am a suffragette. I believe that women will help down this awful curse. The plea for the distillery is that we need the revenue to run the government but it is the price of blood. We should banish it from the nation and seek a better and a higher life.

In the evening the vesper service conducted by Carl Weber was very interesting and uplifting. After a concert by the band the address of the evening followed.

## Deaths From Preventable Diseases.

"The Short Kids" were placed after Dr. Geisel as the latter had to take a train. She paid the chautauqua and the audience a glowing compliment, declaring this the best one she had visited yet and she had been speaking before such gatherings sixteen years. Disease and its prevention was the theme and was most ably handled. Last year in the U. S. 1,500,000 died and half the deaths were from preventable causes. In the U. S. three million people are sick all the time and three fourths of the cases are preventable; whose business is it? We have a bureau of animal husbandry but none of health which we have been trying so long to get. We hold human life far too cheap. More attention is paid to animals, agriculture and kindred things than to health. The government will try to seek and prevent disease of animals but not of man; moral, be a hog.

Last year 200,000 died of tuberculosis nearly all of which was preventable. Sleep out of doors or in sleeping porches; always plenty of fresh air, nourishing food, no alcoholic drinks; torrid spitting, keep the body, the home premises and the city clean and the blood pure and strong to overcome tuberculosis and bacteria or microbes and stop the carnage of disease.

Several entertaining numbers by the Short Kids and fine moving pictures by Thomas Scott ended the day's program.

A goodly number gathered about to enjoy the Jeffries Band concert in the morning and in the afternoon.

## Baptist Minister Heard.

Dr. James W. Brougher of Los Angeles, California, was the speaker of afternoon and he won golden opinions on the part of his audience. The gentleman is called a combination of Sam Jones and Billy Sunday, and deserves the title. He is a Baptist preacher and is said to talk to the largest congregation in the world. Certain it is, if he keeps on abusing his voice as he is abusing it now he will not be able to talk many years more. He said while giving his church a rest he was making 75 addresses in 80 days and the one here was the 69th. He took for his subject, "What is under your hat?" The lecture was an eloquent plea for character, moral, physical and religious. It was by turns eloquent, humorous and always instructive. A few epigrams are given.

You are responsible for what is under your hat; you must live in the house you build.

Mind your own business; see carefully to yourself and you will have enough to do.

I would hang every gossip by the neck and every listener by the ears. Study carefully the individuality and trend of your children and then rear them accordingly.

A boy wanting a good time is not necessarily bad.

Make your boy happy where they should be or else they may be somewhere else.

Work out your destiny yourself; no one can do it for you.

I am not a Christian Scientist; I am a Baptist preacher, but I don't believe in sickness; it's too unhealthy.

A candidate for a college football team must not use tobacco, alcohol or anything injurious; must eat what is prescribed, bathe daily, sleep out of doors eight hours daily, exercise with caution, eat two meals a day and then he is ready for work.

I don't believe in a double standard for men and women. Crazy people don't combine; we have 300 religious denominations in the country.

I belong to the firm of Lord and Church, manufacturers of character. A trusting, confiding man at the boarding house sees a small pitcher on the table and asks for the cream.

Develop the mind and you have a dwarf; develop the body only and you have an idiot; develop mind and body and you have a criminal; develop

the two and the soul and you have a man.

You cannot succeed and be happy when doing wrong.

The speaker was frequently cheered during his fine discourse and left with hosts of compliments.

## Monday Evening.

During the evening concert a pleasing and thrilling number by the Jeffries band was a description of the battle in which Gen. Custer lost his life forty years ago. The sound of the bugles in the distance, the order to charge and all the many phases of the memorable conflict were vividly portrayed by the talented musicians.

A brief time was then devoted to securing pledges for tickets for 1917 and a goodly number were secured.

Mr. Dial then announced the failure of Mr. Daly, promised for the evening, to keep his word and instead he introduced James Goodheart, superintendent of the Sunshine Rescue Mission in Denver.

The gentleman took for his theme "Mending Home Ties" and delivered an earnest address in behalf of a higher and better life, especially on the part of the thousands of the young who are beset by so many temptations. He gave a graphic account of his own experience beginning his career as a successful salesman at a fine salary and gradually going to the very bottom and ready to commit suicide when he was rescued by God's messengers and now he is devoting his life to the great work. At the close many pressed forward to take his hand, express their appreciation of the talk and bid him God speed.

## Notes.

Dr. Brougher who spoke yesterday is an intimate friend of Rev. R. F. Thrapp and spoke most highly of that gentleman.

It is a matter of regret that Dr. Caroline Geisel will not be available

next year but her time is already all spoken for.

On all sides it is admitted that the order of talent thus far enjoyed has been of a very high and superior order. Think of such attractions for a nickel each.

Miss Mahel Beekman fainted Sunday afternoon and was removed to Passavant hospital. She is not seriously ill.

The tent city this year is a fine collection of good natured, sociable people. Many more tents would have been taken had there been shade trees under which to pitch them.

It is hoped that the chautauqua management will be able to erect a footbridge across the east lagoon near the lake and then the fine grounds on the hill could be utilized for camping purposes.

The managers made no mistake when they employed Mr. Dial for platform manager. The gentleman performs his duties most admirably and to the satisfaction of all.

The secretary, A. C. Rice, is the busiest man on the grounds and is called on by a dozen people at a time but he keeps his poise and self control most admirably and does his work well.

The ladies of the Christian church in charge of the eating pavilion are doing a good business and as usual giving fine satisfaction. They serve regular meals at times and a cafeteria lunch a part of the time. They are all right.

Dan Kelly and policeman Trahey employees of the park board, are attentive to duty and not overbearing or domineering. Sunday afternoon the policeman thought he saw thru a board fence a suspicious gathering in an out of the way corner and in-

vestigating found a bunch of young chaps shooting craps. If their names were disclosed it would create a stir of huge proportions. They begged so hard and promised so faithfully to be good that they were let off with a reprimand but not so will it be next time.

The attendance Sunday afternoon and evening were record breakers and a splendid compliment to Dr. Geisel and the management generally. The vast tent was crowded and many stood in the aisles and many more were unable to get in at all. There were acres of automobiles and lots of rigs. All were handled without trouble.

Please enter at the west and leave at the east and save trouble and danger.

The park board dislikes to refuse any request for privileges but they cannot permit posting of any kind of bills in the park. Please do not be offended, kind friends; if it started there is no telling where it would end.

Mrs. J. H. Danskin brought out the beautiful D. A. R. flag and placed it by the stand yesterday.

See Miss Wickham demonstrating the Famous Round Oak 3-Piece Range all this week at the Andre & Andre Store.

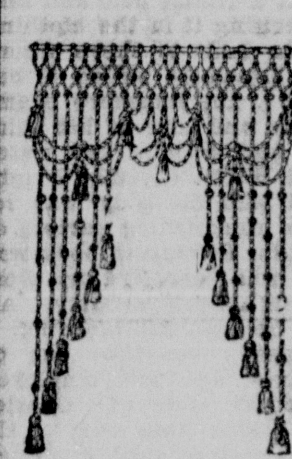

## BALL TEAM STOPS IN JACKSONVILLE

The Moline baseball team were quartered at the Pacific Hotel Sunday evening enroute from Peoria to Hannibal where they opened a series Monday. Stoker formerly of Ashland is playing second base for the Moline team.

Misses Helen and Irene Worcester of Roodhouse were numbered among the Monday visitors in the city.

## PAVING ORDINANCES PASSED BY CITY COUNCIL MONDAY

Asphalt Provided for Proposed Improvements on State and Prairie Streets—More Side Walks For North Diamond Street.

The city council Monday morning gave the second reading and adopted the ordinance for the paving of West State and another for the paving of Prairie street. The Prairie street ordinance was adopted by unanimous vote and Mr. Cox voted against the West State street ordinance. An ordinance for sidewalks on North Diamond street where the present walks are not in good condition was given a first reading and will no doubt be adopted at the next meeting. This is a blanket ordinance to empower the city to lay walks where the property owners do not heed the instructions sent them.

The department reports were of a very informal character. Mr. Vasconcellos mentioning the work in connection with the tunnel at Morgan lake and Mr. Cox said that members in his department had been sanding the tarvia pavement on South Main street which was bleeding badly.

The Prairie street ordinance was then read and adopted, together with estimate of the cost of the improvement. After the State street ordinance had been read Mr. Cox asked if a petition for a brick pavement had not been filed. Mayor Rodgers said that such petition had been filed with the board of local improvements but that it did not have a majority of the frontage. The total represented by the petition was about 3,500 feet while the entire frontage on the part of the street where the paving is proposed is 8,368 feet. The mayor said further that the petition stipulated that a monolithic brick pavement must be laid at a cost not to exceed \$3 per foot.

Mr. Cox asked if some previous petition for brick had not been filed and the mayor said he had not seen such a petition. The motion to adopt the State street ordinance was made by Mr. Widmayer, who said that he would have been in favor of some other type of pavement if a majority of the property owners had signified their wish to have some other material.

Mr. Martin made a second to the motion and expressed himself along the same line. Mr. Vasconcellos was in favor of the ordinance and said that it would be much better for the public and would hasten public improvement work if property owners would give consideration to the proposed materials when hearings are held instead of waiting until the ordinances have been prepared or the proceedings have reached the county court.

Mayor Rodgers said that one reason for proceeding with the ordinance at this time was in order to get the matter into court so that the rights of the city and street railway may be finally settled. He said that the city should use every endeavor to compel the railway company to pay for the portion of the pavement occupied by their tracks and the amount customary at each side of the rails, and that the whole cost for the street pavement should not be assessed against the property owners until every means had been exhausted of requiring the company to pay. The question of adopting the State street ordinance was then put and was carried by a four to one vote, Mr. Cox voting in the negative. The North Diamond street sidewalk ordinance was then read, after which the council adjourned.

## JOSEPH McCARTY MET DEATH IN WATERS OF MORGAN LAKE

Young Man's Body Found Floating In Lake Near Railroad Bridge—Probably Overcome by Heat.

The body of Joseph McCarty was found floating in the lake at Nichols park about 4 o'clock Monday afternoon. The body was discovered just west of the Chicago and Alton railroad bridge by George Brennan, Shelton Sargent and T. S. Montague. Just the top of the head was protruding above the water and one of the men called attention to it saying it must be a football. Brennan made a closer investigation and discovered it was a man's head.

The alarm was quickly given and T. J. Brennan, one of the park commissioners, Dr. G. F. Dinsmore and Carl Joaquin who were on the golf links were soon on the scene. Mr. Brennan took a fishing pole and cast the hook catching it in the clothing and drew the body to shore where he and Dr. Dinsmore pulled it out of the water. Dr. Dinsmore examined the body and gave his opinion that it had been in the water for about 24 hours. Coroner Wright was notified and the body was removed to the undertaking parlors of J. G. Reynolds. Before the body was removed it was identified by Bernard Gause as Joseph McCarty. An inquest will be held this morning.

The deceased was the son of Joseph McCarty and was employed in the grocery store of Charles Keehner in North Main street. He worked at the store until 8 o'clock Saturday evening and then went to his boarding house where he was last seen alive.

How McCarty came to his death probably will never be known. It is probable that he went to the lake and was sitting on the abutment of the Alton bridge and was seized with a fainting spell or was overcome by the heat and fell in the water. When found the body had no coat or hat and neither has been found.

Deceased was the son of Joseph McCarty for many years a resident of this city and was a hard working and industrious young man. He was 25 years of age at the time of death. He is survived by his father and two sisters, Mrs. Myron Miller of Alexander, Mrs. Charles Parnell of Detroit, Mich., and one brother, Leo McCarty of this city. His mother died several years ago.

When told of his son's death near the police station Monday afternoon Joseph McCarty, the father fell in a faint and when revived his anguish was such it was feared he would lose his mind. Dr. Edward Bowe was called and gave him attention and after a time Mr. McCarty became quiet.

## STEEL STACK REMOVED

The work of removing the steel stack from the court house was completed yesterday by a force of men working under the direction of Jacob Cohen & Son. The stack was inside the stone chimney and it was a difficult task to remove it. It is to be replaced with a brick stack which the county commissioners believe will be a much more permanent type of improvement, as the life of a steel stack is not more than seven or eight years.

## DEATH CLAIMS SEVERAL

## WELL KNOWN CITIZENS

Charles W. Ranson Succumbs to Long Illness—C. B. Lewis Dies at Home in Pensacola.

Charles W. Ranson died at his home, 1507 Mound avenue Monday morning at 3 o'clock after an illness of several months. Deceased was the son of James and Sarah Richardson Ranson and was born in Morgan county Jan. 12, 1853. He was united in marriage to Marey E. Moody at Merritt, August 31, 1897. His widow and three children survive, as follows: Zilleah, Homer L. and Rose Ranson. The following brothers and sisters also survive: William of Wichita, Kans., Peter, Robert and James all of Morgan county.

Mr. Ranson was a member of one of the best known families in the county. His parents, the late Mr. and Mrs. James Ranson, both having come here from England many years ago. Mr. Ranson was the youngest son in the family and his entire life had been spent in farming. For a number of years he was a resident in the vicinity of Waverly but subsequently moved to Jacksonville and purchased property on Mound avenue just beyond the limits of the city. While he maintained his interest in farming he engaged for a year or two in the insurance and real estate business. Mr. Ranson was a member of the Point M. E. church and was faithful in all the relations of life. He had the reputation of being an excellent business man, was fair in his dealings and trustworthy to the highest extent. A man who knew him well said yesterday that if he had a large fortune to place in trust that he would have felt perfectly safe in entrusting it to the care of Mr. Ranson. This statement summed up the general opinion of the man and by his death Morgan county has lost one of its best and most honored citizens. For nearly a year Mr. Ranson had been in ill health and some months ago took a trip to California in the hope of receiving benefit. The change did not aid him greatly and for the past three months he has been confined to his home and has constantly lost his strength.

Funeral services will be held from the residence, 1507 Mound avenue Wednesday morning at 9 o'clock in charge of the Rev. Mr. Sherman with interment in Liberty cemetery.

Friends will please omit flowers. Charles E. Lewis for many years a resident of Jacksonville died at his home in Pensacola, Fla., Sunday. Word of his death was received early Monday morning by Mrs. C. A. Catlin and Miss Loar who in the absence of Mr. Lewis has looked after his property interests here.

Deceased was born in Georgetown, Ky., about 80 years ago. He was united in marriage there Oct. 1, 1861, to Miss Mary Fry. Nine years after their marriage they came to Jacksonville and they resided here until the death of Mrs. Fry which occurred Oct. 15, 1913. About ten years ago they began to spend their winters in Florida and after his first wife's death Mr. Lewis took up his residence permanently in Pensacola making only occasional visits to this city. Two years ago he was married at Pensacola, Fla., to Miss Mabel Elyhart who survives him.

Mr. Lewis by profession was a civil engineer and followed that profession for many years. At one time he held the position of county surveyor.

In recent years he engaged in the real estate and insurance business and was quite successful. He accumulated considerable property and was accounted one of the wealthy men in the community.

When the Grand Opera House was erected by Messrs. Rountt and Osborne Mr. Lewis had offices in the building and during the time that he owned the property he acted as agent for them.

The remains will arrive in the city Tuesday evening and funeral services will be held from State Street Presbyterian church of which Mr. Lewis was for many years a member at 3 o'clock Wednesday afternoon.

Dance tonight Nichols Park, 9 to 12. Randell's Orchestra.
